

NEW in 2017

Stay up to date with new ethics laws

Beginning January 1, 2017, all committees, except campaign committees for local ballot measures, will be required to:

- register with the Missouri Ethics Commission (MEC),
- file reports electronically with the MEC, and
- pay any late fees for the late filing of reports.

Committees required to register and file with the MEC will no longer register the committee with the local election authority.

Local Candidate Committees

If a committee for a local office is currently registered with the local election authority the committee will be transferred to the MEC.

Local campaign committees will still have the option of registering and filing reports with the MEC, but must also register with the local election authority.*
